7.6.7.6. [D]

1. In the night of deep - est gloom When joy has long since gone,  
2. In the time of grief or pain When dis - a - point - ment reigns,  
3. In the day of strength and mirth When sad - ness has no place,

Fear - ful pil - grim sen - ses doom, Yet hopes to see the dawn;  
Fear - ful pil - grim dreads such bane, Yet tries to make some gains;  
Cheer - ful pil - grim proves his worth By show - ing o - thers grace;

In that time God's Word holds fast That in the dark or light  
In that time God's pro - mise holds That in one's joy or stress  
In that time God's Word is plain That in the depths or heights

Need - ed strength will ev - er last Through faith in God's own might.  
Need - ed strength one's life en - folds - The faith - ful God will bless.  
Need - ed strength for o - thers' pain His child of faith re - quites.
