Words and music by

1. O God of might, yet to me shown, With lips un - clean, my sin I own,
2. O God of might, yet God of grace, Help me to know my earth - ly place
3. O God of might, yet mer - cies sweet In mid - night black or noon - day heat;

But ser - aph sent from king - ly throne Makes clean my soul with God - fired stone.
And un - der - stand who owns my space; With ser - a - phim, then hide my face.
Like ser - a - phim, with hid - den feet, Help me con - strain my way - ward feet.

Refrain

O God of might, yet seek - ing voice, My lips now clean, make me the choice;

And ask no more "Whom shall I send?" - For here am I, God's field to tend.
