1. Re - joice, for God is on His throne, And e - ver shall He be
2. Re - joice, for God is on His throne With love for hu - man - kind;
3. Re - joice, for God is on His throne To voice the sure de - cree

To grant rich bles - sings to His own Now and e - ter - nal - ly.  
He beck - ons all His grace to own, His sav - ing love to find.  
That one finds worth when one can own God's will, which sets one free.

In all the earth He stands stead - fast To guide His church a - right,  
That none may live in help - less - ness A - scribes His will for all;  
And in that will then live each day In right - eous - ness and love,

And bring it home to Him at last In ma - jes - ty and might.  
That none may die in hope - less - ness, But, trus - ting, heed His call.  
And point all o - thers to the way That leads to life 'a - bove.
